

Project WET and Project WILD, Program Planning Worksheet

Name _____

This worksheet is designed to help you think about how you will apply Project WET or Project WILD to your education and outreach activities. It can be a helpful tool in reminding you of the activities you would like to use when interacting with students.

1. The age group I most commonly interact with is:
2. The skills or concepts I would like them to learn are:

Match the age and the concepts you would like to teach with activities using this chart.
